Live Share: Family Petcare allows for your friend's and family to come along on a live share of your walk with your pet. Once you approve your friend or family member request, your pet will be added automatically to their Pawfit account, they can monitor and track your pet's activity and location as well as receiving alerts. Simply select the Live Share icon on the map screen.

Add: Add a Pawfit friend by selecting the person avatar icon that will allow you to scan a Pawfit ID.

Select: Select your chosen contact to come with you on your walk by live sharing.
